1.4 – Feedback System

1.4.1 – Whether structured feedback received from all the stakeholders.

Students	Yes
Teachers	Yes
Employers	Yes
Alumni	Yes
Parents	Yes

1.4.2 – How the feedback obtained is being analyzed and utilized for overall development of the institution?
(maximum 500 words)

Feedback Obtained
<p>NMIMS is committed to provide classroom and nonclassroom learning experience because it believes that both are important for overall development of its graduates. Hence, students are also involved in continuous quality improvement process, which is through the following feedback sessions: a) Midterm feedback to the Dean and program chairperson. b) Termend feedback on the subject, faculty and pedagogy effectiveness. c) An open house with the Vice Chancellor that is attended by the Dean and all program heads. NMIMS has a well established online feedback mechanism through LMS Student Portal for communication of perceptions. Online Feedback through Students Portal is taken using a questionnaire in the last session of every course in each Semester. This feedback is compiled and statistics are placed before the Dean by the end of</p>

the Semester. The faculty members have access to this feedback on student portal. The Dean discusses individual feedback with each faculty. In case there is some issue, the HOD is also taken into confidence so that corrective action, can be taken in timely manner. The learning and teaching environment is receptive to contributions made by students. The midterm feedback is utilized to make midterm corrections for meeting desired expectations of the students. The feedback is utilized to improve on curriculum and also faculty gets an insight into how to make changes in teaching pedagogy. At the end of every term a faculty meeting is held where a review of each course taught is done. The faculty teaching the course discusses the content, the pedagogy and the challenges. The Dean and other faculty members give constructive suggestions during the discussions. This faculty feedback is incorporated to improve the pedagogy and enhance the teaching learning experience. Employers feedback taken during placements also gets incorporated in the curriculum and improving the skill sets of the students and their grooming. Alumni and corporates visit the institution regularly for Guest lectures and events. Their feedback is taken and utilized for the benefit of the students and the institution. Parents feedback is taken through emails and meetings and is utilized to improve the overall experience of the students.

2.3.2 – Students mentoring system available in the institution? Give details. (maximum 500 words)

Student Mentoring System: Faculty members provide counselling and advice to all students. A wellstructured faculty student mentoring system is in place. Every faculty member has 68 students assigned for mentorship each year. Faculty members provide regular counsel and assistance to students on academic matters, research, projects and study planning. They assist them in course selection and advise students to ascertain reasonable and achievable academic and career goals. Faculty members assist students to participate in various competitions and contests some of which lead to placements. Apart from individual mentoring that is available by every faculty member, the University has in place 'Placement Cell' that helps students in the process of identification of right prospective profile/company and the efforts needed to attain their perspective career objectives. It also supports them for summer and final placement process. The mentoring of the students starts right from the Orientation on day one, where the vision and mission of the school and their respective programs are shared with them. The officials of various departments are introduced so that they are clear about whom to approach for specific purposes. Besides this there are University Counsellors who are easily accessible to all the students for their psychological issues. There are mentoring programs for slow learners. Slow learners are also given personal guidance, tutorials and extra practical training. Each School of NMIMS has a plethora of clubs and committees dedicated to providing the students with means to express their talents. A number of events are organized by the student run clubs under the guidance of faculty in charge student activities. Every student club

is assigned to a faculty in charge and the faculty provides guidance and mentoring support to the student clubs. Faculty mentor students for participation in nonclassroom activities like contests and competitions organized by corporates. These help in developing collaborative learning, team work and leadership skills. To motivate student participation in international contests the university sponsors their competition fees and travel expenses. Soft skill development modules are conducted for under graduate students. Two Doctors and three Clinical Psychologists are available on the campus.

5.3.2 – Activity of Student Council & representation of students on academic & administrative bodies/committees of the institution (maximum 500 words)

NMIMS Deemed to be University is one of the most prestigious University offering courses in many disciplines. It not only prepares students for academic excellence, but also empowers every student emotionally, spiritually and socially. Step towards this empowerment comes from the NMIMS University Student Council (NUSC). Its main objective remains to assimilate bright minds and ideas to knit us into one family. The NUSC has played an important role in conducting Student Services, Social and Literary Drives, and the University Day celebration. NUSC hopes to exemplify a living model of Unity in Diversity and achieve higher levels of merit. Our Team for NUSC 201819 is: Dr. Christine D’Lima: Faculty Advisor, Assistant Professor at Anil Surendra Modi School of Commerce, Mumbai. Prof. Arun Sharma: Faculty Member, Assistant Professor at School of Business Management, Mumbai. Prof. Dharendra Mishra: Faculty Member, Assistant Professor at Mukesh Patel School of Technology Management and Engineering, Mumbai. Event: Swachhta hi Seva 2018 On the occasion of 150th birth anniversary of Mahatma Gandhi and 4th anniversary of Swachha Bharat Mission, UGC commissioned Swachhta Hi Seva 2018 from September 15 October 2, 2018. As a part of the initiative, NMIMS University organized number of events and activities across the schools of NMIMS, coordinated by NMIMS University Student Council. The NUSC conducted an event to commemorate the vigilance awareness week 2018, 29th October to 3rd November 2018 by Employees provident fund organization. This event saw a participation from all schools across NMIMS Mumbai campus. The event was conducted by the NUSC on 1st November, 2018 from 4 pm to 6 pm in NMIMS new building. Students participated in events like, • Essay writing competition • Debate competition • Poster making competition Of the many entries a selected few were showcased in the event which was appreciated by the PF officers. The most awaited day for the year, the 16th Annual University day that is celebrated on 13th January was held on 14th January, 2019 this year in Mumbai. campuses coming together to perform. All the sweat and hard work that went into preparing the event came out beautifully on stage and was loved by all. The Cultural evening was followed by a fulfilled comedy bonanza at JRM Grounds, where our comedians for the evening was the very famous Kanan Gill.

5.4 – Alumni Engagement

5.4.1 – Whether the institution has registered Alumni Association?

Yes

5.3.1 Whether the institution has registered Alumni Association? Yes/No, if yes give details (maximum 500 words): Yes, The Alumni Relations Cell of NMIMS was formed in the year 2002 and has been making constant efforts to actively engage the alumni since. The cell is a student body working under the aegis of the Alumni Association members and the institute. It strives to strengthen ties between NMIMS and its esteemed alumni community. The cell has undertaken numerous initiatives to ensure that a strong bond is maintained between the institute and the alumni. The primary focus of the cells activities is to foster effective alumni institute interactions. NMIMS Business School Alumni Association was incorporated on July 13, 2011 under section 8 of the Companies Act, 2013 as a platform for encouraging promotion of alumni related activities. It enables the alumni to extend their support for various activities related to institution building. The objective of the NMIMS Alumni Association is to promote fellowship, communication and cooperation among the alumni for promoting management Education. The NMIMS Alumni Association will be a dynamic organization, driven by values and directed towards supporting the social, intellectual, and spiritual needs of all present and future alumni of NMIMS.

CRITERION VI – GOVERNANCE, LEADERSHIP AND MANAGEMENT

6.1 – Institutional Vision and Leadership

6.1.1 – Mention two practices of decentralization and participative management during the last year (maximum 500 words)

Decentralization It is the process by which the activities of the University regarding planning and decision making are distributed away from a central, authoritative group. Except for policy decisions all other decisions are taken at the school level and departmental level. Independent and autonomous functioning of Schools is encouraged through the policy of delegation and sharing of welldefined expectations. The Department Advisory Board updates the syllabus from time to time and the same is forwarded to HoD, Associate Dean and Dean for approval. The syllabus revisions are finally approved in the Academic Council. Administrative Responsibilities are assigned at the Coordinator, Assistant Registrar and Deputy Registrar level. There is a structured decentralization of responsibilities for both Academic and Administrative functions. Deans of Schools carry out independent decision making for their respective schools. Joint registrars have been appointed for various departments who ensure that the departments run in an efficient manner.

Accountability of the departments is ensured by defining the duties, roles and responsibilities of every individual. Powers are also decentralized to the controller of examinations, finance controller, librarian and director marketing for their respective departmental functions. Participative Management The University actively promotes a culture of participative management. It has the following organizational structures that enable participative management in decision making. Board of Management, Academic Council, Dean's Council, Faculty Council, Board of Studies, Department Advisory Board (for technical programs). This enables the University to constantly adopt healthy policies, regularly update the curriculum and resolve issues by participative and constructive discussions. They also deliberate on the suggestions given by IQAC.

7.3 – Institutional Distinctiveness

7.3.1 – Provide the details of the performance of the institution in one area distinctive to its vision, priority and thrust in not more than 500 words

Total Quality Management NMIMS has adopted a total quality approach to the entire academic process and environment. It lays emphasis on quality in every aspect. Going with its Vision to be a globally admired University, NMIMS tried to make each unit of the university excel in academics, motivate the faculty to undertake quality research, attract funding agencies to sponsor research projects and invite more consultancy projects. The 3rd cycle of NAAC accreditation with A grade in 2107 is a testimony to the same. Going ahead the university has taken a step forward to go in for international accreditations. NMIMS has planned ABBET accreditation as a quality yardstick for a select few engineering programs. It continues to maintain the standards laid down by AACSB accreditation for its management programs in 2018. The university continues to Introduce new methodologies and enable the use of ICT in all walks of the institution.

8.Future Plans of Actions for Next Academic Year

NMIMS plans to strengthen research in the identified thrust areas. In tandem to the development in research activities, we also aim to establish strategic partnerships with industry partners in relevant areas to deepen our research programme through consultancies and specialized testing services. NMIMS also plans to expand niche labs in the areas of science and technology. We plan to demonstrate cutting edge research on Artificial Intelligence, Machine Learning and Data Science. NMIMS is planning to make huge reforms in the examination by bringing in onscreen evaluation. Traditional paper checking process is time

consuming and involves many logistical activities which puts a lot of pressure on the examination department to publish results within the stipulated deadline. Onscreen evaluation system will improve the current examination paper checking process resulting in on time declaration of results. Another examination related reform planned for the future is the randomized computer based question paper generation. A robust examination process is a good indicator of student performance. An automated random question paper generation system is a good tool for error free, secure, reliable and fast generation of question papers.
