

Quality Policy

We, at SVKM's NMIMS University, are committed to making the University a centre of excellence for learning in management, technology, sciences and emerging areas of higher education and carrying out research, consultancy and training to fulfill the needs and expectations of students, parents business, government and society at large. We would do this with a high degree of social sensitivity, through innovation and by continual

- Nurturing of talent and building a learning environment, to promote creativity and leadership;
- improvement of course curriculum through educational research and dialogue with business enterprises characterized by significance, relevance, excellence and rigour;
- building of international linkages with business, universities and institutes of repute for global perspectives and standards;
- Commitment to personal and professional development of individuals (staff, students and faculty) over their entire career;
- imbibing of state-of-the-art technology and improvement of infrastructure conducive to achievement of excellence in learning;
- reviewing of institutional processes by involvement of faculty, students and staff as well as business and government.
