

Pharmaceutical Manufacturing In India” A Summer School Program by NMIMS

We invite you to understand Pharmaceutical manufacturing in India and explore academic program integrated with industrial visits. You will also enjoy exotic culture of India during your stay in financial capital of India – Mumbai.

About the University

SVKM'S Narsee Monjee Institute of Management Studies (NMIMS) is located in the heart of India's financial capital, Mumbai. It is amongst the nation's prime centers of educational excellence & research with a legacy of 34 years. NMIMS has grown by leaps and bounds and one of the top 10 B-schools in India. NMIMS has also emerged as a multi-disciplinary University with four campuses at Mumbai, Shirpur, Bengaluru & Hyderabad and nine constituent schools that include Management, Engineering, Pharmacy, Architecture, Commerce, Economics, Science, Law & Distance learning.

About the School

Shobhaben Pratapbhai Patel School of Pharmacy & Technology Management (SPPSPTM) is a top pharmacy school conducting diploma, under graduate, post graduate and research program in Pharmaceutical Sciences. The School's vision is to foster stronger ties with the Pharma Industry for nurturing future Pharma leaders. This Vision and spirit is at the core of the curriculum, which places a great deal of emphasis on Industry interaction and hence has the right balance of academic excellence and practical application. The courses and its practice are updated in consultation with the Board of Studies, comprising people from Pharma Industry, Research, FDA & top academicians from all over India with emphasis on contemporary outlook aligned with the needs of the Pharma industry and healthcare sector.

Duration of the Program: Three weeks Academic program + one week cultural program.

Starting Date: 20th June, 2017.

End Date: 16th July, 2017

Registration starts from 1st August, 2016 and closes on 25th May, 2017
