

14TH FEB 2018

**Preconference on
FUTURE HEALTHCARE: "SENSING DISEASE AND
ROLE OF IoT IN HEALTHCARE"**

About the Conference

In this technology driven era, Data plays key role irrespective of the domain. Sensors helps to acquire data and integrate it with various analytics solutions to consolidate data from disparate systems and risk stratify populations, helping care teams quickly and effectively identify appropriate candidates for care management. There is need for evidence-based medicine the conference will try to bring all the healthcare stakeholders working in these areas on common platform for a fruitful discussions.

Who Should Attend?

Conference seeks to foster dialogue between engineers and clinicians to create better solutions for Future Healthcare Needs. Students, PhD Scholars, Industry Professionals and Faculty aspiring to be part of this digital revolution in health care are invited to attend the conference.

Why to attend?

"You can have data without information, but you cannot have information without data." The future healthcare need to extract the meaningful insights of the data. By 2020, 40% of providers will run cognitive analytics on patient data. Creating a proactive framework based off of predictive analytics is not only possible – it's the future of healthcare. Join us for two days of interactive panel Q&As, engaging presentations, and rousing discussions among those leading the Sensor, IoT and AI wave.

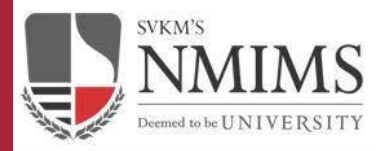

Limited Seats

Registration on "first come first serve" basis

Venue:

Juhu Jagruti Hall First Floor Mithibai BLDG, Vile Parle (W), Mumbai -400056

Schedule of the Preconference

Session 1: 9.30 AM - 1.00 PM

9.30 AM -10.00: Introduction to theme and the speakers.

Keynote Sessions

10.00 AM: Sensors & Disease Cloud for Personalized Therapeutics: Dr Balwinder Raj, NIT Jalander

11.00 AM: Health monitoring and Surveillance using Smart Devices: Dr Suryakant Choudhari, Consultant, Bombay Hospital

12.00 noon: Future Diagnosis using wearable sensors
Dr Pradip Chande NMIMS, Indore

1.00 PM: Lunch

Session 2: 2.00 PM to 5.00 PM

2.00 Standardization for Seamless Data Exchange and Effective Treatment: Dr Roshan Palewar, CEO Doc Rosh Health

3.00 : Tea Break.

3.15 : Panel Discussion on theme

4.15 : Concluding ceremony

CHIEF PATRONS

- Shri Amrishbhai Patel, Chancellor, SVKM's NMIMS and President, SVKM
- Shri Bhupeshbhai Patel, Joint President, SVKM

PATRONS

- Shri Shalin S. Divatia, Joint Secretary, SVKM
- Dr Jayant Gandhi, Joint Secretary, SVKM
- Shri Rajgopal Bhandari, Managing Committee Member, SVKM and Mentor Shirpur Campus

Chairman

Dr R. S. Gaud, Director, SVKM
Pharma institutions

Organizing Committee

- Dr Bala Prabhakar Dean, SPPSPTM, Mumbai
- Dr Ashwini Deshpande, Associate Dean, SPTM
- Dr Munira Momin Principal BNCB
- Dr Santosh Bothe, Organizing Secretary, Professor, MPSTME Shirpur
